

Professional
Development Offerings
for School Districts Using
Inspire Southeast
Wisconsin

Inspire Southeast Wisconsin is a web-based tool, accessed through Career Cruising, for educators to engage students in thinking about their careers, find relevance in what they are learning in the classroom and increase students' career readiness.

The Inspire SE WI addition to the Career Cruising system provides a customized information-sharing and resource-gathering environment where students can:

- Learn about area companies that offer jobs and careers in their area of interest
- Participate in career discussions with an online career coach from that company
- Further interact with that company by participating in other career-based learning experiences, such as job-shadowing, internships, company tours, and summer employment

Getting Started: Milwaukee7's GROW.HERE. team will facilitate your start after your intake form is received and approved. Milwaukee7 will provide your planning team with a GROW.HERE. Orientation Meeting and can also provide speakers to introduce your current business partners to GROW.HERE. and Inspire. For more information on Getting Started, go to: <https://m7talentpartnership.org/educators/>

Ensuring Success: CESA #1 will help you plan for successful Inspire implementation utilizing a plan that can be customized to your district's needs as you work with the CESA #1 Inspire Professional Development Specialist.
